

# Plan2Pass Real Estate School LLC introduces our instructor

## PAMELA VROMAN

BRANCH SALES MANAGER

Plan2Pass  
Real Estate School LLC

Branch Manager, Pamela Vroman has been in the mortgage industry for 19+ years and has built her career on the foundation of passion, trust, and exceeding client expectations. Pamela shared her approach to guiding clients - "We value the trust that our clients have placed in us for such an important process in their lives. We hope to give them the knowledge, education, and care to guide them through what will most likely be one of their biggest investments". This same approach can be applied to effective instruction and our collaborations with Pamela began with invitations to our certification and designation classes to be a guest speaker. She was able to cover the most important parts of the topic in a concise and clear manner and allowed for agent participation. The agents responded strongly to her personable and professional presence in the classroom and I set out to make that happen! Plan2Pass then asked Pamela to create original courses and instruct continuing education classes that were pertinent to creating sales. Pamela is entrusted with teaching the following:

### Pre-licensing Courses

MD Broker Course contributor (135 hours)

### Elective CE Classes

Closing Help & the Contract (1.5 hrs)

Financing Process (3 hrs)

Unconventional Financing (1.5 hrs)
