

Plan2Pass Real Estate School LLC introduces our instructor

ROSE BUCKLEY

LICENSED HOME INSPECTOR

Plan2Pass
Real Estate School LLC

Rose Buckley has been a home inspector with US Inspect serving DC, Maryland, Virginia, and Pennsylvania since 2017. As a former teacher & professor with a Master's Degree in Education, she loves teaching her clients about their prospective home and how to properly maintain it. Her passion for learning and delivering the most beneficial information to her clients has led her to earn multiple accreditations and obtain certifications within the home inspection industry including ASHI's ACI. She utilizes her Facebook page (Rose Buckley - MD Home Inspector) and podcast "Inspection Connection" to provide tips and tricks to real estate professionals and the public. Rose continues to provide her fellow professionals an insight into the life of a home inspector.

Plan2Pass is so fortunate to have Rose as one of our broker course contributors providing instruction, great giveaways and ongoing support to our group of agents. And when we are really lucky, Tim Shelton, Executive Vice President of US Inspect, will join Rose in presenting and the classroom is then bookended by outstanding inspectors/instructors. Expect to be impressed by the volume of knowledge that an inspector brings to their field work while enjoying the visuals and real-life examples that are shared in her classes:

Pre-licensing Courses

MD Broker Course contributor (135 hours)

Elective CE Classes

Inspection Essentials (3 hrs)

Upcoming Projects

Collaborating on Plan2Pass "Minding Your Money" series
